Corporal Punishment—*DFCS policy prohibits the use of corporal or unusual punishment on a child in its custody. Children removed from their parents or other caretakers due to neglect or abuse must be disciplined in ways that do no perpetuate the physical and emotional pain experienced as a result of past inappropriate parenting practices.*

To ensure the safety and well-being of the children placed in (my/our) home, (I/we) agree to the following:

- To refrain from the use of any corporal or unusual punishment on a child placed in (my/our) home, including, but not limited to the following: spanking, slapping, switching, shaking, pinching, biting, twisting, or pulling; tying with rope, withholding food, force feeding, denying mail; denying appropriate contacts with family, denying contact with worker; degrading child or child's family, or humiliating child; creating fear, anger and anxiety, locking child in a room, closet or outside the home; group punishment or delegating older children to administer punishment; destroying the child's property and any other practices which may physically or emotionally damage the child.
- When managing children's behavior, use the suggested alternative methods (or other effective means of discipline) from the Foster Parent Manual and in consultation with the agency/department.
- Seek on-going information/training to build and enhance (my/our) child behavioral management skills.
- Immediately inform the agency / department of the need for assistance in managing the behavior of any child placed in (my/our) home.
- Carefully review and abide by the information on discipline and behavior management in the Foster Parent Manual. Caregiver Child Safety Agreement (Rev 04/17)

Motor Vehicle "Hot Car" Safety

Children are sensitive to heat as their body temperature can heat up three to five times faster than an adult's. Children will die if their body temperature exceeds 107 degrees. Even at a temperature of 60 degrees outdoors, the temperature inside a car can exceed 110 degrees. At initial placement caregivers should be reminded of motor vehicle safety as it pertains to hot cars and steps they can take to avoid related serious injury or death. The U.S. Department of Transportation (DOT) National Highway Traffic Safety Administration (NHTSA) recommends the following precautions to take in order to avoid child heatstroke.

In keeping with this requirement, (I/we) agree to adhere to the following:

- Never leave a child unattended in a vehicle – even if the windows are partially open or the engine is running and the air conditioning is on;
- Make a habit of looking in the vehicle–front and back– before locking the door and walking away;
- Ask the childcare provider to call if the child doesn't show up for care as expected;
- Do things that serve as a reminder that a child is in the vehicle, such as placing a phone, purse or briefcase in the back seat to ensure no child is accidentally left in the vehicle, or writing a note or using a stuffed animal placed in the driver's view to indicate a child is in the car seat;
- Always lock your vehicle when not in use and store keys out of a child's reach, so children cannot enter unattended. Teach children that a vehicle is not a play area;
- A child in distress due to heat should be removed from the vehicle as quickly as possible and rapidly cooled.

Safe to Sleep for Babies

Caregivers of infants ages 0-12 months old must be informed of conditions that constitute a safe sleeping environment and that reduce the risk of Sudden Infant Death Syndrome (SIDS), also known as "crib death".

At minimum, caregivers should practice the three primary safe sleep recommendations of the American Academy of Pediatrics (AAP) commonly referred to as the 'ABC's' of safe sleep.

In keeping with this requirement, (I/we) agree to adhere to the following:

- **A**lone – Ensure the baby's sleep area should be close to, but separate from, where caregivers and others sleep. The sleep area should be free of soft objects, toys, and loose bedding.
- **B**ack – Ensure that infants are always placed on their back to sleep for naps and at night.
- **C**rib – Ensure to place infants on a firm sleep surface, such as on a safety approved crib mattress, covered by a fitted sheet. Ensure that the child's sleep area contains no blankets, quilts, crib bumpers, or toys.

Environmental and Animal Safety—Caregivers must ensure that the home environment (inside and outside) is clean, free of environmental hazards and provides a comfortable, livable atmosphere. Household pets may not be dangerous or aggressive; exotic pets (snakes, wild life, etc.) require special approval. Additionally, caregivers must protect children from secondhand smoke (SHS). Smoke-free homes and cars provide the best protection against SHS for children. SHS can worsen asthma and increase the risk of bronchitis, lung and ear infections in children.

In keeping with this requirement, (I/we) agree to adhere to the following:

- Maintain our home environment (inside and outside) to ensure that it is clean, free of environmental hazards and provides a comfortable, livable atmosphere.
- I/We, and any visiting guests, will not smoke in the family foster home, in any vehicle used to transport the child, or in the presence of the child in foster care.
- Provide close supervision of children when around animals.
- Properly secure animals as necessary with a leash, fence or cage, etc.
- Notify agency /department immediately of any dog/pet attacks or bites sustained by a child placed in your home.
- Take necessary precautions to protect children from SHS particularly those with medical conditions that can be worsened by exposure to SHS.
- Carefully review and abide by the information on animal and environmental safety in the Foster Parent Manual.

Reasonable and Prudent Parenting Standards—Caregivers shall apply the reasonable and prudent parenting standard when determining whether to allow a child in foster care to participate in particular extracurricular, enrichment, cultural, and social activities.

In keeping with this requirement, (I/we) agree to adhere to the following:

- Make reasonable and prudent parenting decisions regarding the day-to-day care of children placed under their care and oversight.
- Engage the child/youth's birth parents in decision making regarding the types of activities they desire the child to participate
- Notify DFCS/CPA prior to the occurrence of a child in DFCS custody participating in overnight trips exceeding two nights
- Provide a summary of the activities the child has participated in to the child's assigned case manager at each visit.
