Morningstar
Children & Family Services

Dinner Under the Stars

Celebrating 80 Years

For nearly 80 years, our campus has been a place where children come to begin again.

What began in the 1940s as Boys Estate, a bold vision built on the belief that every child deserved stability, guidance, and belonging, has grown into what is now Morningstar Children & Family Services. Over time, the mission has grown and services expanded. The needs of children became more complex but the heart of this place never changed.

Today, Morningstar serves as the only residential program in Georgia which solely serves developmentally delayed foster youth who have come into care due to abuse, neglect and abandonment. For generations, supporters have helped make this mission possible by investing in safe spaces, meaningful care, and brighter futures for Georgia's foster youth.

As we celebrate 80 years of this campus serving children, we also look ahead with the same commitment that shaped this place from the beginning: ensuring every child who walks through these gates finds home and healing.

Join us for Dinner Under the Stars as we celebrate this legacy of love and invest in a future of hope for Georgia's foster youth.
